**Fabulous!**

★★★★★ By Terence B. - [insiderpages.com](#) - Apr 6, 2009

I received a free 30 minute massage with my Chiropractic exam and I have never had such a wonderful massage experience. I lead a very stressful, hectic lifestyle and a therapeutic massage was just what I needed to feel rejuvenated ...

**Great**

★★★★★ By [Sara](#) - Apr 7, 2009

I have been a nurse for 17 years and have only sought out massage therapy for my lower and upper back issues until I tried Achieving Health because of their great rates. I was extremely satisfied with the care I received from the MT but was more surprised to learn how the chiropractors utilized more of a physical therapy approach in rehabilitating the spine and not just adjusting. Now after five weeks of care my back issues have improved tremendously and as an added bonus I receive my massages at very discounted price.

I am proud to say I was one of Achieving Health's first patients'. I really appreciated all of the time the doctors' spent with me explaining what was going on with my spine. Both of the doctors' have excellent skills in adjusting and the massage therapist gives the best therapeutic massage that I have ever had. I wanted to thank Achieving Health for caring for me as a person, not just another number in a system
